

One Lung

This National One Lung Ventilation course held in Newcastle upon Tyne is suitable for general anaesthetic trainees, trust doctors and consultants, specialist trainees in Cardiothoracic anaesthesia, cardiothoracic / thoracic anaesthetists of all grades who need to use One Lung anaesthesia occasionally.

This one day course uses simulation and skill stations to teach a "Hands on" approach to single lung ventilation with a range of Storz scopes for people to get their hands on.

Book on—line via

www.a-line.org.uk

15 June 2021

Limited to 12 delegates / 5 RCoA CPD points

The OLV course has been developed by a national group of experts from across the UK. All techniques taught are evidenced based and peer reviewed.

Course Director:

Dr Henning Pauli

Consultant Cardiac Anaesthetist

Our Mission: “all anaesthetists in the UK must have the opportunity to practice techniques for successful lung isolation”.

Cost: £50 Trainees / Trust Doctors

£150 Consultants
