 - Evening 1930
- Once you receive your VivaMatch Timetable you must honour each and every session; only submit availability for session that you know you will be available for.
- I-iINE does not provide content for you to examine each other, you will need to be prepared to ask each other questions. (e.g. from text books/websites – see below for some recommended sources).
- This is a **peer-to-peer** SOE practice course. You will be matched with fellow candidates who are also preparing for the upcoming SOE. We **do not provide** examiners or practice questions.
- Work constructively with the candidate you have been matched to for that session. Be fair, considerate and constructive when providing feedback. You are in the same position with the same goals.
- Be on time for every session, your matched candidate will be waiting for you.
- Keep the faith, your exam technique and confidence will improve with every session and will peak by the end of the VivaMatch Period.
